Dog Showmanship – Division 4.1

Class: 1- 4-H Junior Dog 2- 4-H Intermediate Dog 3- 4-H Senior Dog

Dog Obedience – Division 4.2

- A 4-H member may compete in only one obedience class per dog with a total maximum of 2 entries (dogs). The first dog is referred to as “A” dog. The second is referred to as “B” dog for class entries.
- The first-year class is for members who are in their first year of the dog project, not the first year beginner novice with a new dog. It is designed as a training class for members who do not feel competent to start in the On Leash class. Members may compete in the first-year class only once.
- An exhibitor who competes in the A group with their 1st dog stays in the A group with that dog for each level. Members advance, from On Leash A to Novice A or from On Leash B to Novice B. The same is true for the B groups and levels.
- A 4-H handler with a dog shown previously in obedience classes by another 4-H handler or Obedience Title must show the dog by these guidelines.
 - Junior/Intermediate 4-H'ers may move back or down one level.
 - Senior 4-H'ers must show the dog at the highest level it has achieved.
- A dog receiving a qualifying score of at least 170 points at county fair may advance the following year to the next higher class but must advance after receiving 3 qualifying scores. Once the higher level of obedience is selected for the dog, the member may not drop back to the lower level with the same dog.
- Score Sheets: The Wyoming 4-H dog score sheets were designed for the benefit of 4-H Members. They are intended as guides for judges. Judges use their discretion in deciding the seriousness of errors.
- All exhibitors must enter/leave the show ring and compete with a 6 foot leash.
- Dogs soiling in the ring will be disqualified.
- Males and females will be shown in the same class. Females in heat will be shown last and must be kept away from the obedience ring until call time.

4-H Interview Judging

Saturday, July 27th in the Exhibit Hall

7:30 AM – 10:00 AM

Interview judging brings the 4-H members and judges together to evaluate project exhibits. It provides a unique opportunity for 4-H exhibitors to learn from the experiences and knowledge of the evaluator, as well as receive positive one-on-one feedback on the progress made during the year. The exhibitor and the judge should talk directly to each other to share information and evaluate the project.

Exhibitor's names must be written on the clipboards by 9:30 a.m. or they may forfeit the ability to submit their entries.

General Information and Rules

1. Tags may be picked up the day of judging at the information table by the Fair Office, if not picked up prior to the fair.
2. Interview Check-in will be with the clerks at the schedule table in the back of the Exhibit Hall. Members should check-in upon arrival so the clerks know they are available for judging.
3. Members will be called to meet with a judge as soon as one is ready for each exhibit. Members will meet with a different judge for most projects and may have several different meetings. All exhibits will be judged as quickly as possible.
4. As members finish with each judge, they will return to the waiting area outside the Exhibit Hall.
5. Only one adult may accompany the member to the judging station, if the member chooses. They must remain quietly by the member until the interview is over. If there is a question or clarification needed, adults may speak briefly to the judge at the conclusion of the interview.
6. Any adult the superintendents feel is interfering in the interview process or attempting to influence placement will be asked to leave and will not be permitted in the future.
7. If young family members come to the judging, please make arrangements for babysitting outside the hall, as they will not be allowed inside.

Interview judging between the member and judge is a valuable learning experience. The Fair Board, Extension staff and superintendents will do everything possible to keep the atmosphere quiet and conducive to further learning.

All entries are due online by Monday, July 15th at 11:59 PM.

- **Any live animal needing to be entered after this deadline will be charged \$50 per entry up to the close of set weigh-in time for that market animal species, the start time of the breeding livestock, or horse show being entered in.**
- **After notifying show superintendent, classes entered incorrectly may be switched within the same division prior to the start of livestock show, horse show, or static exhibit judging.**

- A project done in school should be eligible for display or show through one, but only one organization. The organization should be chosen by the youth member – be that school or 4-H.
- For safety in handling and for attractive display at fair, each exhibit must have an adequate hanger – either string or wire firmly attached. Absolutely no pictures, posters or display boards not properly prepared for hanging (with a piece of hook-side Velcro on back) will be displayed. The fair is not responsible for breakage due to inadequate hangers. Pictures should be matted or framed, but it can be very simple. Framing will not be judged except as to its appropriateness on type of picture. Do not send frames with glass.
- Exhibits in this division must have been created in one of the visual arts project areas during the current 4-H year.
- An exhibit may be accompanied by a statement indicating: What you started with/ What technique was used/ What you would change/What you learned/Idea on purpose of the exhibit/Special information for the judge.

****The USDA "Complete Guide to Canning" December 2009 will be used to determine the correct processing times for all home-canned food items.**

The object of food preservation is to preserve food in a safe and wholesome manner. This Fair Board supports the USDA and has adopted the 1989 USDA standard times and processing methods as the way to preserve food properly. All jars must be labeled with processing methods and times to be properly judged. Any jars not properly labeled must be disqualified. At the Uinta County Fair, we assume all canning is done at altitudes of 6,000 to 8,000 feet. If the canning is not done at this elevation, the altitude should be specified so proper canning times can be judged.

Judges are encouraged to judge first on preservation methods and secondly on appearance. Judging on taste is optional as the tasting of improperly canned foods can be dangerous. This includes pickles and relishes which can be a problem if there is an improper balance of food and vinegar. No low acid foods such as meats and vegetables will ever be tasted, as we do not have facilities to boil the food.

Open Exhibit Hall Crafted Arts Entry Rules:

- **Limit 5 entries per class**, with each item being unique and different.
- All are encouraged to participate.
- All exhibits must have been grown in Uinta County. The Fair Board will furnish containers for all cut flowers. Fair officials will not be responsible for breakage or loss of any containers or accessories. Cut flowers must be shown with foliage, if naturally attached to specimens. Remove leaves that would be under water. No leaf dressing of any kind is acceptable. The Superintendent in charge of this department shall have the right to remove from the display, at any time, exhibits or parts of exhibits which become unsightly. All flowers will be judged for freshness, cleanliness, arrangements, size, color, stem, form, substance and foliage.
- **IMPORTANT INSTRUCTIONS:** Select flowers that are coming into full bloom – NOT flowers that are already in full bloom. If a flower is to remain fresh throughout the exhibit period it must be cut no later than the day before it is to be exhibited. It is generally recognized that afternoon cutting is advisable, especially later in the afternoon, since at that time the greatest amount of sugar is in the leaves. As soon as the flowers are placed in water, they take up enough to overcome any apparent wilting. Placing stems in water 110 degrees is usually best; after which, specimens should be placed in a cool room until the water comes to room temperature.
- Flower stems should be cut cleanly at an angle with a sharp knife or pruning shears and placed at once in deep water. It is a good practice to carry a bucket of clean water to the garden when flowers are cut and place each specimen in the water at once. After cutting and hot water treatment, add ice to the water. The flower material is ready to be placed in a cool, dark place overnight. This is called “hardening.” Flowers prepared in this way improve their substance and they will hold their freshness for a longer time.
- The Fair Board has the right to disqualify any entry considered harmful to Fair attendees.

15. Exhibits will be judged on the Danish System. Each exhibit will receive a blue, red or white ribbon. Grand and Reserve Champions will be awarded at the judge's discretion.

16. No exhibit shall receive a premium unless deemed worthy by the judge, though it may be the only one of its kind entered. If unworthy of a first prize it may be awarded second or third on the decision of the judge.
17. **All premiums not picked up in person one week after fair ends by 4:00 PM will be forfeited as per: Wyoming State Treasurer' Office 04/2018.**
18. A veterinarian will be available to the fair and his/her word will be final for the health of any animal. Any exhibitor requesting to remove any animal suspected of illness from the fairgrounds, prior to scheduled release time, will be required to obtain such authorization from a certified veterinarian at the owner's expense. Sick animals may be removed from the fairgrounds in the best interest of the animal and exhibitors.
19. A separate health inspection form is required for each and every exhibitor.
20. A project done in school should be eligible for display or show through one, but only one organization. The member should be enrolled in this project during the current year. The organization should be chosen by the youth members.
21. In June, 1982, the 1940 agreement between the Wyoming State Department of Vocational Education and the Wyo. Cooperative Extension Service involving 4-H and FFA youth was reviewed and amended to read as follows: "If a boy or girl is enrolled in both 4-H and Vo Ag or Home Economics, work done must be different in each. For example: 4-H or FFA members may carry the same type of supervised occupational experience program in Vo Ag or as a 4-H project, but the exhibit must be different in each. The FFA exhibit must come from a supervised FFA program and the 4-H exhibit must come from a 4-H project.
22. No cats or dogs allowed on the fairgrounds except for those entered in the dog, cat or pet show. All show dogs must be on a leash.

25. The Uinta County Fair Board reserves the right to interpret these rules and regulations and arbitrarily to settle and determine all matters and differences that arise.

Assistance is defined as a learning/educational situation where a Helper is educating/teaching the youth exhibitor techniques in fitting, showing, or care. It is important to employ common sense when working with livestock and youth, with the safety of all as the paramount focus.
8. Due to limited pen space, each exhibitor will be allowed one pen for each market animal species entered, for penning up to 2 animals. If there are less than 2 animals in any species entered, that animal will be combined with other club or family member's exhibits of the same species.
