**Commissioner Comments:** Commissioner Hatch talked about the events center being in the 3rd reading at city council, the layout is very impressive.

**Maintenance:** Clay talked about the automatic waterers and it was discussed whether the 4-H groups needed to help fix or install the waterers. He wants 4-H youth involvement and empowerment and to take accountability for the automatic waterers. Clay stated there was money in the fairgrounds budget for improvement. He is going to put a proposal together for a new design and cost and to replumb the pig and sheep barn. We will gather 4-H and FFA kids to help where we can with this project. This is tabled until the design and financial outline is submitted. The idea of adding all weather lights to the tent of the show area was also discussed, this will cost \$6,000.00. We need to have banner hangers put on the frame so the banners are not hung on electrical cords. It was also suggested that more spiders were needed.

**Fair Staff:** Reviewed the Wyoming Association of Fairs meeting, We have the possibility of uploading ear tag pictures and possibly the bill of sale info into showworks, adding a senior citizen day at fair that would include bingo (take fairbooks to the senior citizen center or Rocky Mountain Care and help them enter exhibits), having vet inspections due within 7-10 days of fair.
